# TESTIMONIALS

**Hanisha Arora**

I am very thankful to BVIMR for providing me the opportunity to get into the program. They have helped me to learn the skills that are needed in the current tech world and also guided me and identified my potential to grow and learn faster.

The learner-centric environment and infrastructure along with the guidance and support from our faculty members have led me to obtain and pressure the program beyond expectation. The campus curriculum and also lots of competitions like hackathons have also helped me to increase my knowledge of the tech field and also improved my ability to learn faster.

I am very thankful to BVIMR and its faculty for the experience, skills, to develop a creative and leadership thought process.

**Hanisha Arora,**

Three years prior to this day, I couldn't have imagined pursuing BBA at BVIMR would create such a huge positive impact on me as an individual. This course contributed immensely towards building my Personality, Communication skills, Decision-making skills, and much more. It gave me a finer vision of how businesses and corporates run smoothly. Being the class representative and working closely with the college societies enriched my experience even more. All my learnings and development that this college has provided me with gives me a strong foundation for building up my future. The world outside this college holds many more opportunities for me, and I sincerely thank the CRC team for being such an amazing pillar for us students here and providing us the exposure to big corporate houses. I consider it a blessing that SAMSUNG INDIA ELECTRONICS PVT LTD hired me. And lastly, none of this would've been possible without the help of our brilliant faculty members and director ma'am, constantly guiding us and providing us with the best quality education.

My choice to pursue a postgraduate degree at BVIMR, in my opinion, was a turning point in my professional life. The BVIMR's pedagogy places a strong emphasis on a student's overall development. Rigorous examination makes us job oriented. Also, there are numerous options for students to hone the necessary skills to work in the industry.

Personally, being the President of Social & Eco Club, BVIMR, I can vouch for the fact that if you have the zeal to learn, BVIMR offers a perfect platform. There are various societies that organize numerous activities all year long.

I have been part of the organizing committee in various events including - Annual Alumni Meet, National Conference, Social Awareness Week, Sports Meet, etc. under the guidance and support of the faculty members at BVIMR. These experiences have helped me learn a lot, and I've undergone significant personality changes.

Last but not least, BVIMR's corporate resource cell does a fantastic job of assisting students in finding their ideal jobs. Throughout my MBA at BVIMR, I am having the pleasure of working with some of the best team members.
